On completing The Great Froggo Challenge

The Great Froggo Challenge is a tribute to a young adult Explorer leader who sadly died during lockdown. His Explorer Unit The Quantum Potatoes decided to create a badge based on his love of frogs in his memory. You have worked brilliantly in your sessions on various frog based challenges, having fun and learning new ways of expressing how you are feeling.

**Ribit Ribit we think you're terrific !
Don't forget it's good to talk and there's always a froggy ear ready to listen
we're always here for you!**

The money from the sales of the badge will be donated to PAPYRUS
